

11.2.5 Annual Renewals, Reductions & Non-Renewals of SAA

Policy

The annual renewal, reduction, or non-renewal of a student-athlete's SAA must be made, per NCAA rule, on or before July 1 prior to the academic year in which it is to be effective. Each student-athlete with eligibility remaining and who received a SAA in the previous year must be notified in writing whether his/her SAA has been renewed, reduced, or non-renewed for the ensuing academic year. This notification must come from the Financial Aid Office and not the Athletics Department (NCAA Bylaw 15.3.5.1).
